Civil Action No. 17-1432-LPS

MOTION FOR Emergency Help (Update)

Your honor, today's date is March 26, 2018.

An individual can only be pushed so far, especially a severe mentally ill patient.

Today newest addition has pushed me over the edge.

As admitted by defendants own admission hair removal has been deemed medically necessary for my Gender Dysphoria.

Today upon asking Nurse Collette what time I would be coming out to shave (I'm scheduled to shave Mon., Wed, & Fri. but I skip Fri. due to excess damage the razor cause & due to lack of nutrition I heal slow)

She responded with, "The ordered

has been cancelled."

Upon inquiring why she stated,  
"Your in a male prison. It is not  
my problem."

Officer Motto immediately called  
for Mental Health.

Therapist Creamer met with me and  
said, "I do not know why they  
would revoke that without providing  
a adequate replacement."

He agreed this like stopping  
a diabetic's insulin and leaving  
their condition for the worse.

He stated he would check into  
it.

Your honor its always something.  
Seriously, how much am I suppose  
to handle before I just say  
Screw it and you know the rest.
